What were the strong points of the session?

- The entire speech was great, supportive, informative and almost inspiring. Once again, Steve rehashed the knowns, but applied those concepts to the future.
- Inspiration. A view from a Type 1 IC as how info fits into the ICS system.
- Steve Fry is very engaging!
- Great choice. Will take some thoughts into S-203 class next week, too.
- Fantastic proponent of information to encourage us!
- It was good to hear an IC's perspective on our role. Fun for me to see Steve again!
- ICS perspective of IOF position/duty and responsibility. First hand assault of what he looks to from an IO.

- Spoke from the heart. Obviously dedicated and extremely devoted to his career and the importance of the information function.
- Down to earth presentation. Easy going.

What were the weak points of the session and how would you change them for the better?

Other comments:

- Thanks for bringing Steve here as the close out speaker. He is someone I would love to work with.
